

# Notice

Due to the extreme drop in temperatures, residents are urged to keep water dripping in faucets located on outside walls.

If you have a frozen pipe, keep the faucet open a little to allow pressure to release when pipes thaw. Vanity cabinets should be left open in order for heat to circulate. Thermostats should be kept above 65 degrees during this cold spell.

As an additional reminder:

Parking in front of garage doors is not permitted between November 15 and April 15.

In case of emergency, please call  
1-866-246-0370.
